Applicability	This policy is applicable for all the projects, both New construction and Existing buildings under the purview of the BPTP.
Purpose	Sustainable procurement is one of a number of ways in which BPTP Group demonstrate social, environmental and economic responsibility. The purpose of this policy is to ensure that the procurements are to be done in a sustainable way.
Aspects	<p>Our approach to sustainable procurement is designed to help pursue best procurement practice in accordance with our group policy. BPTP Group acknowledge that our entities have a significant impact on environment and contribute to lowering risks, protecting natural resources, providing value to our clients, increasing resource efficiency, traceability, and transparency, as well as preserving biodiversity and protecting natural capital as outlined in this policy by adopting following objectives:</p> <ul style="list-style-type: none">• Use fewer resources and less energy• Deliver continuous improvement in everything we do by utilizing innovative solutions wherever possible.• Procure all timber and timber products from legal and sustainable sources and procure other construction materials with a preference for recognized responsible sourcing schemes.• Specify and procure materials and products that strike a responsible balance between social, economic and environmental factors and generate benefits to society and the economy.• Use resource-efficient products and give due consideration to end-of-life uses.• Promote, specify and source materials which can be re-used, and consider future deconstruction and recovery of resources to embrace the circular economy to leave a sustainable legacy across the built environment.• Where possible procure locally, providing opportunities for small and medium sized enterprises (SMEs), collaborate with the voluntary sector and increase the use of social enterprises to support local employment, diversity and training.

	<ul style="list-style-type: none">• Ensure that fair contract prices and terms are applied and respected, and that ethical, human rights and labour standards are met, in line with the United Nations Global Compact principles.• Take full cognizance and all appropriate precautions to ensure the procurement of all works and material purchases comply with all applicable government, industry and national protocols/international protocols
Implementation and Monitoring	All stakeholders including the Board of Directors, CEO, experts, business partners, contractors, clients, occupants and our own employees in our efforts to address sustainable procurement.
Amendments	This policy will stand automatically amended to the extent of any relevant change(s) in the applicable law and or for any change(s) in fact.
